PEAK EVENT

PEAK
GET REAL
(ESTATE)

Billion, the economy and the property market always make good topics of conversation - everyone has different opinions on them. Not surprising, then, that guests at the recent speaker series dinner organised by The Peak, in collaboration with Ernst & Young Tax Consultants and presented by Tiffany & Co, paid careful attention as the topic of Malaysia's property market was discussed. The evening of networking and a sit-down dinner at the Bridge Bar in O'Connell, Kuala Lumpur, began with guests enjoying aperitifs while admiring the beautiful Tiffany & Co watches on display. There came a dialogue with Sarah Rowley, Partner at Ernst & Young, on 'Considerations when Investing in Real Estate.' After a fruitful and enlightening discussion, guests enjoyed a delicious four-course dinner, especially prepared by the chefs at Bridge Bar, while catching up and sharing their opinions on real estate in Malaysia.
